About Company...

Greeting of the Day from L A DESIGN.

An Interior Design Consultancy, Fitout and Bespoke furniture manufacturing company based in Dubai with Factory set up mostly with all in-house Facilities. Since its Inception in no time LAD has become one of the fastest growing & client preferred company of the region for some good reason. Company was established by Industry professionals & Experts after working and gaining 20 plus years of experience in the region with aim to provide its professional and better service to client.

Our founders has unique work portfolio that has got wealth of experience managing and delivering Interior projects worldwide. With an Architecture and Interior Design Qualification along with the Good exposure working for multi-national Design firms and with numerous Award winning International Architects.

L A DESIGN mainly works for corporate clients.

In Today's ever changing, fast paced and challenging environment where Design plays vital role and has become key to any problems. We precisely understand various business needs, clients' high expectation with set resources. This is where we come with years of experience & expertise in field to provide tailored, Innovative & efficient solution keeping in mind client specific requirements.

For every company staff is the key factor and success of company largely depend on them. At LAD too each member of our Team plays very important role in growth of our firm. Our studio is made up of creative Thinkers, Architects, passionate Designers who work together with their collective knowledge and expertise of their areas.

Design Philosophy

Design is main focus of our studio and it is also face of our company

We all know Design is the strategic tool that can revitalize business. Our Design professional are Innovative thinkers and also practical same time. we believe in functional aesthetic, sustainability, efficient and productive environment. Design that works.

Every client and their requirements are different. we at L A DESIGN know and understand the overall objectives of our client where we customize Innovative, sustainable and cost effective design solution which transfer client high expectation into the reality.

We are here to Design success of our client Business and futures.

Values

Commitment and Professionalism

Since its Inception L A DESIGN is govern by its core values. Stewardship, Best people, commitment to client, Transperancy, Professionalism and hassle free successful Delivery are key factor of our growing firm and of our existance in Industry.

We are highly specialized in following areas :

Interior Design Development & Management :

To develop available Interior concept/guidelines further into Design or Tender package (including MEP), Finish Specification, Bill of Quantities, Material Sample board, along with all reviews & Design management on site. This can help client to evaluate the project more precisely in term of Budget, Quality & time which gives real value of thier Investment on Design & Fit out.
